ACP | Internal Medicine
Meeting

The Most Comprehensive Educational Event in Internal Medicine

Each year, ACP brings the most important learning event for internal medicine and the subspecialties to great locations. This April, we will convene in Boston, MA, for Internal Medicine Meeting 2024 and continue the tradition of excellence, innovation, and professional renewal.

We will join together as a community for 3 days of unmatched education and invaluable personal connections. The knowledge you gain by attending this annual meeting provides a lasting impact and influences decisions in your professional role. ACP's Internal Medicine Meeting is the place to be to find expert presenters, influential speakers, invigorating activities, and the sense of community that inspires pride in all of internal medicine.

There's no time like the present! Enjoy Early Bird registration savings today!

ACP members always save the most—with your Early Bird discount, you save up to \$90 on top of your member discount. Register today!

- Lock in your **lowest registration rate**.
- **Choose your access preference.** Early Bird rates are valid for Standard and Premium Access. Standard Access includes 30 days' on-demand access to all recorded sessions. Premium is the best value! Keep the momentum going with 1 year of access to all recorded sessions, plus bonus learning content.
- Then, **mark your calendar** and look forward to all you can accomplish at Internal Medicine Meeting 2024!

Update your knowledge through interactive learning formats.

Interact with top peer educators in the highest-quality scientific sessions and clinical workshops available to you. Take home practice-changing medical knowledge and insights. Plus, earn CME to fulfill special state requirements.

Explore flexible formats that meet your learning style.

From classic lectures and small-group sessions to hands-on clinical skills training, you'll find the right options to meet your learning needs and match your interests. Popular formats include:

Updates: Nationally recognized faculty review the year's most important published papers in internal medicine and the subspecialties. Learn about significant findings and their impact on patient care.

Clinical Pearls: Test your clinical acumen in case-based sessions and answer challenging patient management questions. Compare your critical thinking to your colleagues' and leave the sessions with a rich collection of "pearls" that you can apply to your practice.

Multiple Small Feedings of the Mind: Focused, fast-paced presentations that offer evidence-based answers to dilemmas frequently faced in patient care.

Clinical Triads: Fast-paced, interactive sessions feature three speakers concisely addressing different aspects of an overarching theme and cover topics that are highly relevant to clinical practice.

Maximize your educational experience by participating in one of many Industry-Supported Symposia programs. These unique programs provide attendees with an additional opportunity to learn, network, and enjoy lively and stimulating sessions. For symposia offering Category 1 CME credit, CME is provided by organizations other than ACP.

Find focus in special sessions.

Whether you practice primarily in an ambulatory or inpatient setting, discover sessions that are dedicated to a range of issues applicable to your practice.

Ambulatory Medicine—Participate in an expansive selection of sessions relevant to outpatient care.

Hospital Medicine—Hospitalist-dedicated sessions focus on clinical topics, quality and safety, team-based approaches, and transitions of care.

Save even more! Pre-Courses are popular, and many fill up quickly. Register early to ensure you have a spot in your desired course. Plus, you can save with Early Bird rates on Pre-Courses, too. Pre-Course registration opens soon.

Hone your skills in Pre-Courses.

Arrive early in Boston for 1- and 2-day Pre-Courses, taking place April 16 to 17. Twelve full-day courses kick off Internal Medicine Meeting 2024 and provide an in-depth examination of selected internal medicine subjects—like geriatrics and palliative care, diabetes, hospital medicine, point-of-care ultrasound, and more.

Enjoy experiential learning at its best.

Build and refresh your skills with hands-on and interactive learning opportunities in Boston. Learn alongside your colleagues in small-group environments and benefit from direct feedback from instructors.

Clinical Workshops

Attend sessions focused on communication and interpretive and systems-based practice skills. Clinical Workshops use small-group breakouts and role-play models to teach these important topics.

Clinical Skills Center

Participate in dynamic hands-on and interactive educational activities in the Clinical Skills Center. Learn how to perform common procedures, refine interpretive skills, and update physical examination skills in a unique, small-group learning environment.

Case-Based Learning

These large-group activities typically employ case-based scenarios and real-world clinical examples to best achieve the session objectives.

Ultrasound Alley

Located in the Clinical Skills Center, Ultrasound Alley is the ideal destination for both beginners to point-of-care ultrasound (POCUS) education and those with ultrasound experience. Sessions cover a wide variety of topics to help you improve your knowledge and practice, from building your ultrasound portfolio to performing ultrasound-guided procedures.

Purchase your tickets to Clinical Skills Center activities in advance!

Ensure your place in the activities you want to attend by purchasing a reserved ticket (\$30 per activity) to secure a spot at your desired time.

Visit annualmeeting.acponline.org/clinicalskills.

Form inspiring connections.

Attendees at ACP's Internal Medicine Meeting feel a strong sense of connection with each other. It's a powerful event unlike any other conference. From enjoying stirring keynote speakers and plenary sessions to honoring those recently elected to Fellowship at Convocation, there are so many ways to share the culture of medicine with colleagues.

Unite with your internal medicine community.

Find your place at Internal Medicine Meeting through a diverse offering of inspiring ceremonies, chapter and regional receptions, and networking luncheons. Plus, keep up to date with health policy issues and learn how ACP advocates for internal medicine physicians and patients and how you can add your voice to pressing conversations.

Take part in exceptional experiences at special events.

Hear about ACP's status and priorities at the Annual Business Meeting and Town Hall, cheer on residents as they compete to win the Osler Cup in the annual Doctor's Dilemma® competition, and much more.

Feel supported at physician well-being events.

Explore a wide variety of well-being and professional fulfillment activities and design an experience best suited to your own needs. Find related sessions in the Scientific Program and nonticketed microsessions and connect with your colleagues in the Well-being Fun Zone.

Energize at the vibrant Exhibit Hall.

The Exhibit Hall has so much for you! Be sure to head over for fun and productive breaks and enjoy all the Exhibit Hall has to offer.

- **Connect with exhibitors.** Discover practice-enhancing resources and find new products and services to better serve your patients.

- **Stop by the ACP Resource Center.** Be greeted by ACP staff, enjoy product discounts, shop ACP gifts and apparel, learn about your membership benefits, and more!
- **Discover the future of medicine at the Tech Hub.** Learn about new innovations in digital health, telehealth, and practice-related technologies in this dynamic learning space within the Exhibit Hall.
- **Recharge during break times.** Network with other attendees, enjoy complimentary lunch and snack breaks, participate in contests, and more!

Enjoy a snack or lunch and learn!

Participate in non-CME learning opportunities at the Innovation Theaters. These popular break-time discussions in the Exhibit Hall focus on the latest clinical information as it relates to a specific disease state.

Take advantage of the Career and Professional Development Center.

- **Job Placement Center**—Explore the many new activities and resources in the Career and Professional Development Center!
- **Networking Opportunities**—Take advantage of the networking lounge to connect with colleagues.
- **Mini but Mighty Skills Sessions**—Participate in micro sessions designed to help you enhance your academic and professional skills.
- **Career Coaching**—Sign up for 30-minute one-on-one personalized Career Coaching sessions with trained coaches.
- **Abstract and Poster Competition**—View and discuss award-winning posters and abstracts created by early career physicians, residents, and medical students and meet peers with similar interests.
- **Photo Opportunities**—Take a professional headshot or have fun with our different photo backdrops and selfie frames!

Devote time for yourself this spring.

Further your education, clinical skills, and career at Internal Medicine Meeting 2024. Enjoy flexible, high-value registration options that meet your learning needs and allow you to earn the same amount of CME credit and MOC points. **Take advantage of member discounts and register early to benefit from the most savings!**

Standard Access

Standard Access registration gives you access to:

Your choice of 200+ scientific and practice-related sessions in Boston

Hands-on activities in the Clinical Skills Center (nominal additional fee to reserve a ticket)

Special events and receptions, the Exhibit Hall, and networking opportunities

Livestream access to 100+ sessions during the event, plus Q&A with presenters and real-time audience-response polling

Postmeeting on-demand access to all recorded sessions for **30 days after the event**

For your best value, select Premium Access!

Premium Access includes all the benefits of Standard Access, plus additional perks:

Extended 1-year postmeeting access to all recorded sessions, giving you more time to continue learning and earning additional CME/ MOC at your own pace.
