

1 Download the **Cvent Events** app from your app store

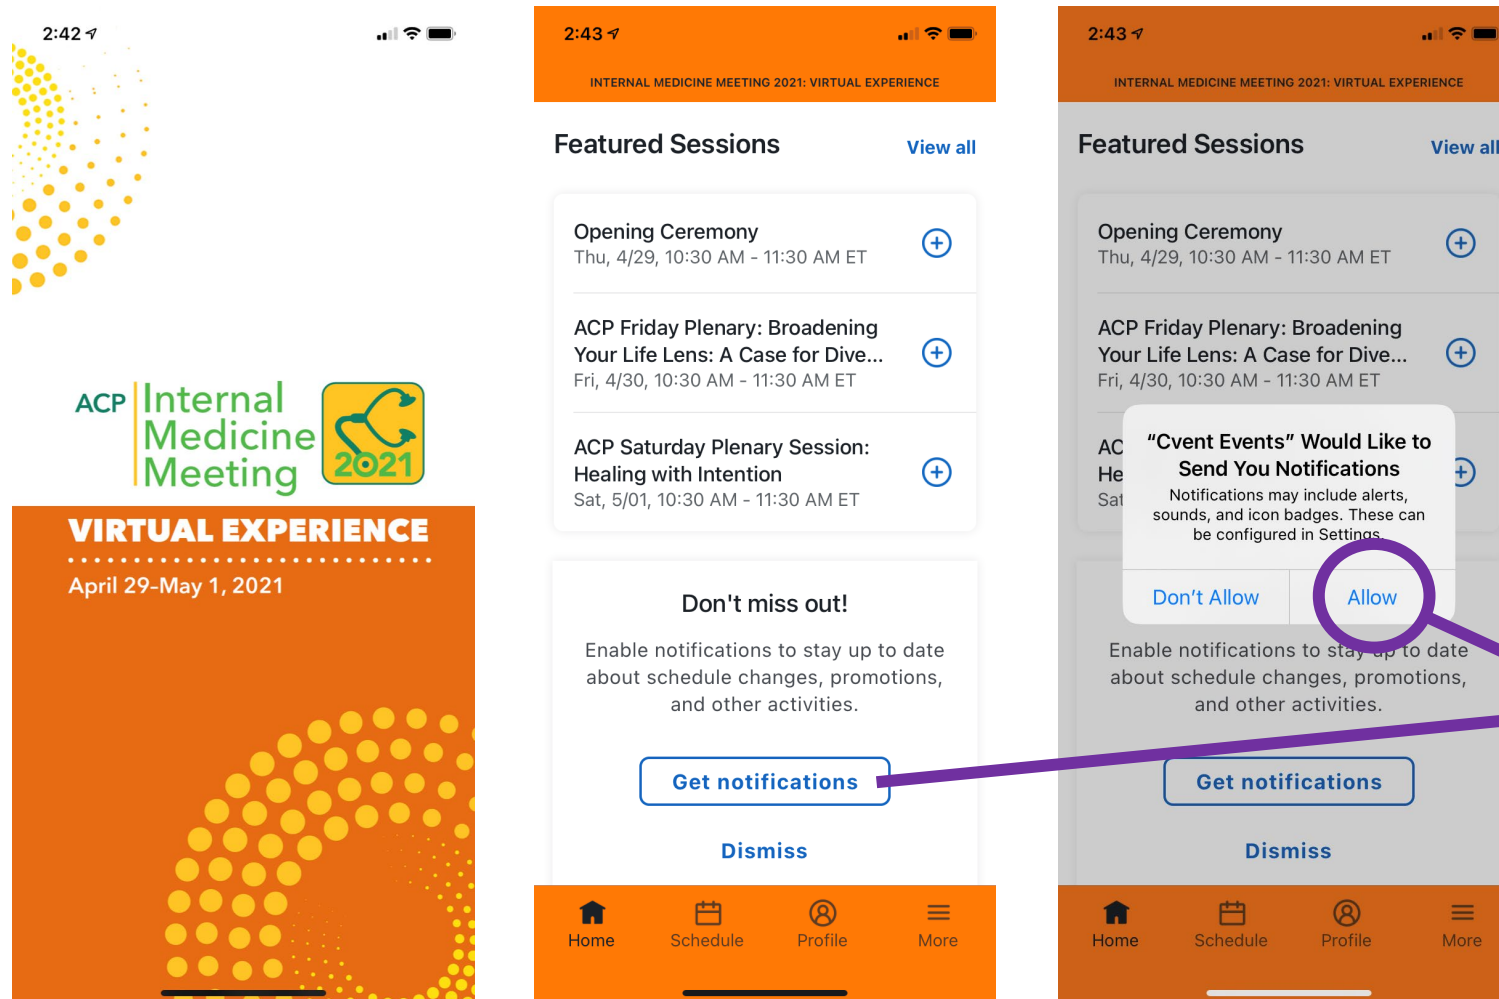

2 Open the **Cvent Events** app on your device and type **Internal Medicine** in the search

3 Tap the icon next to **INTERNAL MEDICINE MEETING 2021...**

- 4 Open the event and start exploring, being sure to enable notifications so you receive important info during the event

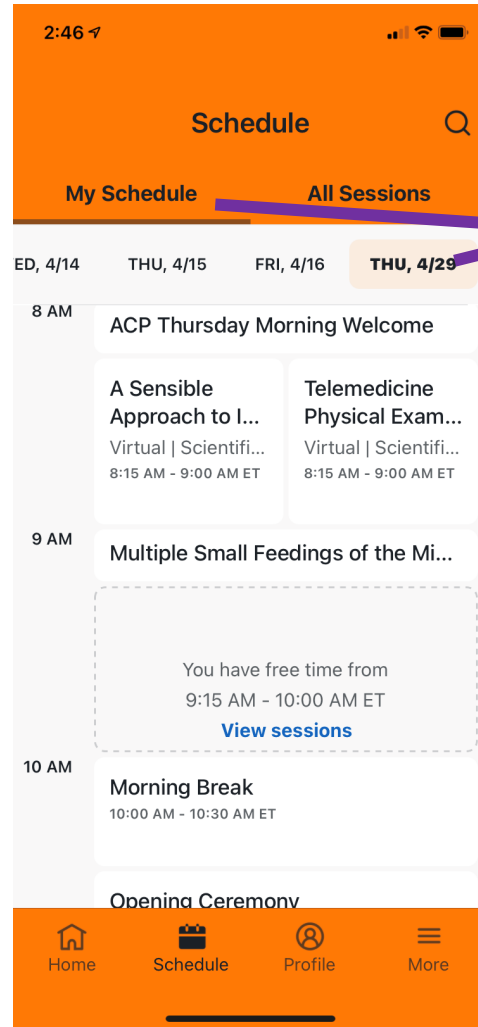

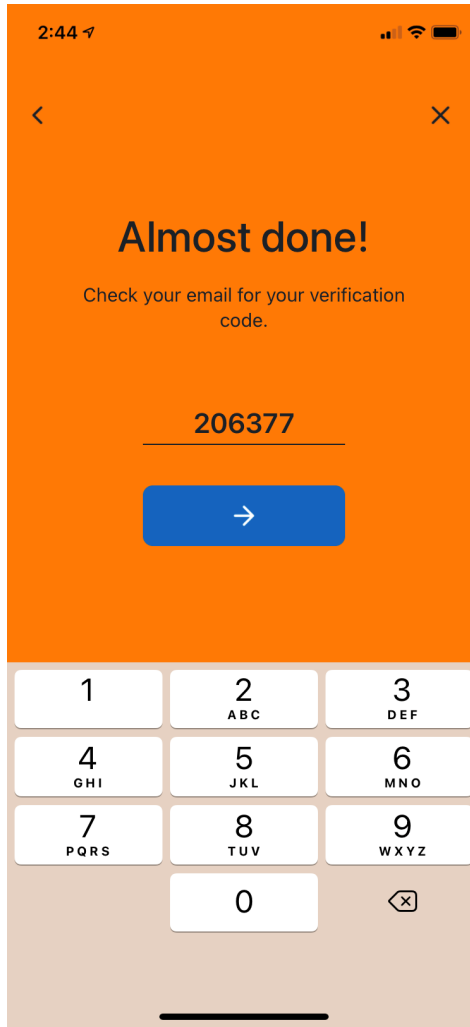

- 5 Allow notifications from “Cvent Events”

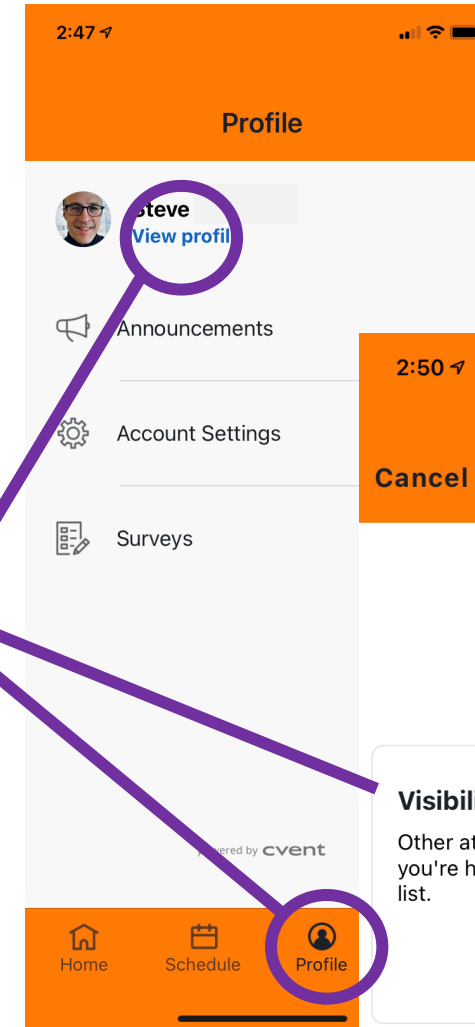

Picture shows iOS device

If you don't want to receive push notifications, but still want to see announcements, tap **Profile**, then **Announcements**

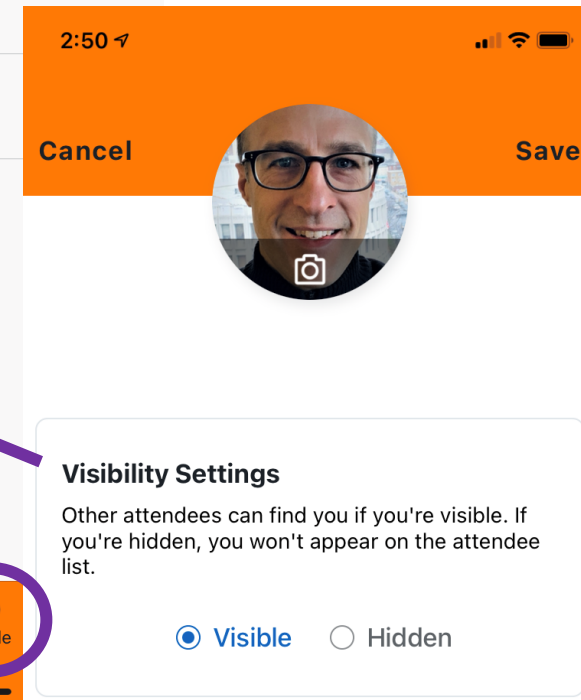

6 To personalize your experience and access attendee-only content, you'll be prompted to log in.

7
Tap **My Schedule** then scroll to 4/29 to build your schedule

8
Tap **Profile** then **View profile** link under your name to adjust your settings

Make sure you enter the **same email address** you used to register and check in. **Didn't check in yet? [Do that now!](#)**
